Participation Reports Webinar
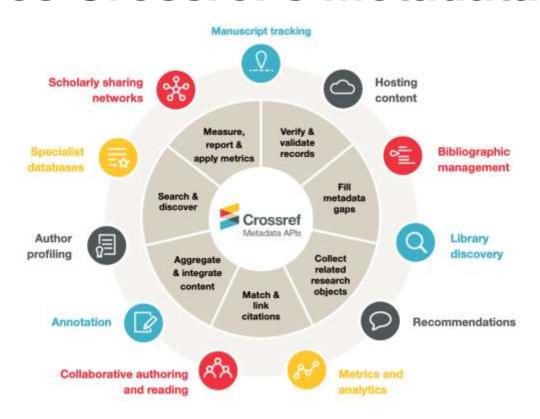

October 2020

What?

A place where:

- You can see what metadata you are registering with Crossref
- You can track progress of your metadata
- You're able to see how you measure up to other members

Why?

Crossref members:

- Not always aware of what metadata they're sending to Crossref
- Can see what's missing and can fix the gaps
- Can track progress of their metadata in an easy and user-friendly way

Who uses Crossref's Metadata?

When registering metadata in Crossref

Make sure it's:

Correct

Complete

Up-to-date

So let's see how it works

Next Steps

1. Check your own participation report https://www.crossref.org/members/prep/ regularly to see how you're doing.
2. Update missing metadata.
3. Register as much metadata as possible.
